To whom it may concern:

P. JOSEPH LEHMAN, Inc., Consulting Engineers of Hollidaysburg, Pennsylvania has represented Bedford County as the County Engineer for close to forty (40) years. During that time, Lehman Engineers has effectively managed our bridge program from maintenance issues, funding source identification, bridge safety inspections, to rehabilitation and complete replacement of County-owned bridges. They are intimately familiar with standards and requirements set forth by the Pennsylvania Department of Transportation. Having completed well over three hundred (300) bridge projects, Lehman Engineers has fine tuned and honed the process required to replace or rehabilitate a bridge structure. This experience includes the ability to produce extremely efficient design solutions which result in drastic cost savings and future maintenance issues.

We are very pleased to recommend and endorse P. JOSEPH LEHMAN, Inc., Consulting Engineers. Please don't hesitate to call us at 814-624-2608 if we can answer any questions regarding the outstanding performance of Lehman Engineers.
